la medicina basada en evidencias mbe es un paradigma que surgió a finales del siglo xx como un nuevo concepto que cambió el modelo tradicional del ejercicio de la medicina que tiene mucho de arte y cada vez más de ciencia

hacia un modelo que con el uso de la mejor evidencia científica disponible un adecuado nivel de conocimientos clínicos y la toma de decisiones compartidas consentimiento informado busca como resultado final una mejor práctica médica humanizada y con óptimos resultados para la salud de los pacientes este concepto vino a reemplazar la antigua práctica clínica basada en la intuición la fisiopatología el análisis de laboratorio in vitro y la experiencia clínica no sistematizada pero a su vez propuso integrar la experiencia y la habilidad clínica junto con la mejor evidencia disponible para ello incorporó también conceptos epidemiológicos a la práctica clínica mejorando la educación médica al incluir en los programas de pre y posgrado el desarrollo de habilidades para la búsqueda de información y evaluación de la literatura científica teniendo este concepto como guía de nuestras actividades docentes en las últimas tres décadas hemos producido con la ayuda y en compañía de colegas académicos en gran mayoría una buena cantidad de textos académicos de enseñanza que siguen este paradigma de la mbe este es entonces nuestro libro número veinte ginecología y obstetricia basadas en nuevas evidencias gobe tercera edición

the complex relationship between nationalism and masculinity has been explored both historically and sociologically with one consistent conclusion male concepts of courage and virility are at the core of nationalism in this ground breaking book the author questions this assumption and advances the debate through an empirical analysis of masculinity in the revealing contexts of same sex football and polo and cross sex tango relations because of its rich history argentina provides the ideal setting in which to study the intersection of masculine and national constructs hybridization creolization and a culture of performance have all informed both gender and national identities further the author argues that counter to claims made by globalization theorists the importance of performance to argentinian men and women has a long history and has powerfully shaped the national psyche but this book takes the analysis far beyond national boundaries to address general arguments in anthropology which are not culture specific and the discussion poses important comparative questions and addresses central theoretical issues from the interplay of morality and ritual to a comparison between the popular and the aristocratic to the importance of othering in national constructions particularly those relating to sport this book represents a major contribution not only to anthropology but to the study of gender nationalism and culture in its broadest sense

para sumarse a los esfuerzos ya emprendidos por otros estudiosos y desde otras disciplinas de las ciencias sociales esta obra ingresa nuevamente en el análisis de las prácticas y significados de la sexualidad el objetivo es el mismo entender que la sexualidad nos remite de manera compleja con otras relaciones sociales y que se encuentra cargada de valoraciones y significados contradictorios pero ahora incorpora algunos avances en la investigación reflexiona en ella teórica metodológica e históricamente y subordina todo ello a la crítica y sistematización del conocimiento sobre el tema
